

# Zenkraft for Samples

## 1. One-click Generate Labels

Create shipping labels from any object, including Leads or Opportunities. You can create 1 label at a time or up to 1,000 in one go.

Zenkraft supports 45+ shipping carriers including FedEx, UPS and USPS.

	NAME	TITLE	COMPANY	PHONE	LEAD
1	Jack Rog...	VP, Facili...	Burlingto...	(336) 22...	jrogers@... Open
2	Serbia Se...		Serbia	(415) 55...	serbia@s... Open
3	Kristen A...	Director, ...	Aethna H...	(434) 36...	support... Direc
4	Steve Ca...		Whistler ...	1234567...	scanada... Open

## 2. View Real-time tracking

View the status of the sample in real-time. For example, once it's been delivered or if there is a problem with the delivery.

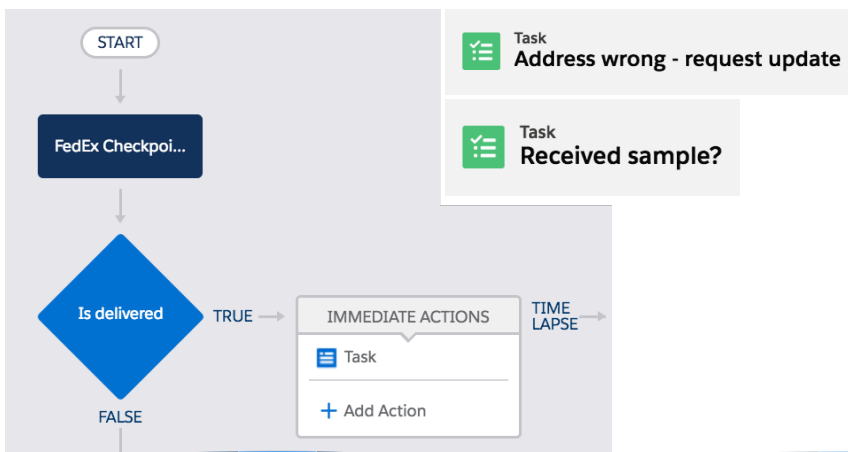

**Lead**  
**Mr. Serbia Serbia**

Title: Serbia | Company: Serbia | Phone (2): (415) 555-5555 | Email: serbia@serbia.com

Progress: Sample Requested → Sample Shipped → Sample Delivered

## 3. Schedule follow-up

Build workflow from delivery status for example trigger a follow-up for a sales rep once a shipment is delivered. Or a customer service call if the address was wrong.
